

# B3D(AC)<sup>2</sup> Biwi 3D Audiovisual Corpus of Affective Communication

## License agreement

The B3D(AC)<sup>2</sup> is made available to the scientific community by the Computer Vision Laboratory (BIWI) of the Swiss Federal Institute of Technology Zurich (ETHZ). The database is meant as a tool for studying new techniques and algorithms for the analysis and synthesis of human affective communicative behavior, in particular speech and facial expressions.

BIWI maintains the copyright on the data and it is its sole distributor. The data is made available for research purposes upon signature of this document. The requestor agrees to the following terms:

- Research only: The database is made available for research purposes only, any commercial use of the data is forbidden.
- Redistribution: The database will not be distributed, full or in part, to any third party without prior written approval from the Computer Vision Laboratory (BIWI) of ETHZ.
- Publication: The use of the data is allowed for illustrative purposes in scientific publications only. In no case should the original subjects be caused embarrassment.
- Citation: All documents reporting on any research which uses the database has to acknowledge the Computer Vision Laboratory by citing the following article:

*"A 3-D Audio-Visual Corpus of Affective Communication"*, Gabriele Fanelli, Juergen Gall, Harald Romsdorfer, Thibaut Weise and Luc Van Gool
